NOTES TO FINANCIAL STATEMENTS

1. Summary of Significant Accounting Policies and Going Concern

A. Accounting Practices

The financial statements of National Mortgage Reinsurance Inc One (“Re One” or the “Company”), are presented on the basis of accounting practices prescribed or permitted by the Wisconsin Office of the Commissioner of Insurance (“Wisconsin OCI”).

The Wisconsin OCI recognizes only statutory accounting practices prescribed or permitted by the State of Wisconsin for determining and reporting the financial condition and results of operations of an insurance company and for determining its solvency under the Wisconsin Insurance Statutes. The National Association of Insurance Commissioners’ (“NAIC”) *Accounting Practices and Procedures* manual, version effective January 1, 2001, (“NAIC SAP”) has been adopted as a component of prescribed or permitted practices by the State of Wisconsin. The state of Wisconsin has adopted certain prescribed accounting practices that differ from those found in NAIC SAP. Specifically, Wisconsin domiciled companies record changes in the contingency reserve through the income statement as an underwriting deduction. In NAIC SAP, changes in the contingency reserve are recorded directly to unassigned surplus.

The Wisconsin Commissioner of Insurance (the “Commissioner”) has the right to permit other specific practices that deviate from prescribed practices.

A reconciliation of net income and capital and surplus between NAIC SAP and practices prescribed and permitted by the State of Wisconsin is shown below:

B. Use of Estimates in the Preparation of the Financial Statements

The preparation of financial statements in conformity with Statutory Accounting Principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities. It also requires disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates.

C. Accounting Policy

The Company uses the following accounting policies:

- (1) Short-term investments are stated at amortized cost.
- (2) Bonds are stated at amortized cost using the effective interest method.
- (3) The Company owns no common stock.
- (4) The Company owns no preferred stock.
- (5) The Company owns no mortgage loans.
- (6) Asset-backed securities are valued using the prospective method and are stated at amortized cost or fair value in accordance with their NAIC designation.

- (7) The Company has no investments in subsidiaries or controlled and affiliated entities.
- (8) The Company has no investments in joint ventures, partnerships or limited liability companies.
- (9) The Company owns no derivative instruments.
- (10) The Company will use anticipated investment income as a factor in the premium deficiency calculation, in accordance with SSAP No. 53, *Property-Casualty Contracts - Premiums*.
- (11) Method of establishing loss and LAE reserves - The Company historically provided reinsurance coverage to National Mortgage Insurance Corporation (“NMIC”) in accordance with certain statutory risk retention requirements. Such requirements have been repealed and the reinsurance coverage provided by Re One to NMIC was commuted effective October 2021. The Company remains a wholly-owned, licensed insurance subsidiary; however, it does not currently have active insurance exposures. For the years ended December 31, 2024 and December 31 2023 the company had no reserves for losses and LAE. As such, the Company did not conduct an annual actuarial review. The Wisconsin OCI waived the filing requirement for the Statement of Actuarial Opinion in a letter dated January 6, 2022. The filing requirement was waived for the year-end 2021 and future years as long as the exemption criteria are met as defined in the *NAIC Annual Statement Instructions-Property Casualty*.
- (12) The Company has not modified its capitalization policy from the prior period.
- (13) The Company does not have any pharmaceutical rebate receivables.

D. Going Concern

The Company has no substantial doubt about its ability to continue as a going concern.

2. Accounting Changes and Corrections of Errors

The Company had no material changes in accounting principles or corrections of errors for the years ended December 31, 2025 and December 31, 2024.

D. Asset-Backed Securities

- (1) The Company uses widely accepted models to determine prepayment assumptions in valuing asset-backed securities with inputs from major third party data providers. The Company’s investment policy complies with *SSAP No. 43 - Asset-Backed Securities* as adopted by the Wisconsin OCI.
- (2) For the twelve months ended December 31, 2025, the Company did not have securities with a recognized other-than-temporary impairment, disclosed in the aggregate, classified on the basis for the other-than-temporary impairment.
- (3) For the twelve months ended December 31, 2025, the Company did not have securities with an other-than-temporary impairment as the present value of cash flows expected to be collected was less than the amortized cost basis of the securities.

- (4) All impaired asset-backed securities (fair value is less than cost or amortized cost) for which an other-than-temporary impairment has not been recognized in earnings as a realized loss (including securities with a recognized other-than-temporary impairment for non-interest related declines when a non-recognized interest related impairment remains):

(a) The aggregate amount of unrealized losses:

1. Less than 12 Months	\$	—
2. 12 Months or Longer	\$	—

(b) The aggregate related fair value of securities with unrealized losses:

1. Less than 12 Months	\$	—
2. 12 Months or Longer	\$	—

- (5) Management regularly reviews the value of the Company's investments. If the value of any investment falls below its cost basis, the decline is analyzed to determine whether it is an other-than-temporary decline in value. To make this determination for each security, the Company considers its intent to sell the security and whether it is more likely than not that the Company would be required to sell the security before recovery, extent and duration of the decline, failure of the issuer to make scheduled interest or principal payments, change in rating below investment grade and adverse conditions specifically related to the security, an industry, or a geographic area.

Based on that analysis, management makes a judgment as to whether the loss is other-than-temporary. If the loss is other-than-temporary, an impairment charge is recorded within net realized investment gains in the statements of operations in the period such determination is made. No other-than-temporary impairments were recognized for the years ended December 31, 2025 and December 31, 2024. As of December 31, 2025, the Company held no other-than-temporarily impaired securities.

The agreement requires that intercompany balances be settled no later than 60 days after each calendar quarter. *See Note 10 - F - Management, Service contracts, Cost Sharing Arrangements.*

E. Management, Service contracts, Cost Sharing Arrangements

The Company is party to a cost allocation agreement with NMIH, NMIC and NMIS, hereinafter collectively referred to as “Parties”, and singularly as “Party” or “Affiliate”. Each of the parties to the agreement may provide any of the following services to any other party under the agreement, including: general management, underwriting, customer service, claims processing, legal, accounting and actuarial services.

For third party goods and/or services purchased by a Party for an Affiliate, the allocation of costs shall be determined solely by the invoice from the third party. For third party goods and/or services purchased by a Party for more than one Affiliate (which may include the Party itself), the allocation of costs shall be determined by: (i) an invoice directly from the 3rd party providing the good and/or service, and (ii) an allocation of such costs developed using appropriate quantifiable measures supporting the goods received and/or services performed. For services provided solely by one or more Parties to one or more Affiliates (i.e., intercompany related services) the charges will be determined by direct employee costs including salaries, bonuses, incentives, benefits, payroll taxes and related out-of-pocket expenses actually incurred by such employees. In all three cases, all charges and fees for any goods or services provided to the Affiliates shall not exceed the actual costs incurred by the Parties. NMIH is the principal employer of personnel among the parties and it is anticipated that most costs will be incurred by NMIH and allocated to its insurance subsidiaries. Settlements are required no later than 60 days after each calendar quarter.

Effective October 1, 2021, the reinsurance agreement between NMIC and Re One was commuted and all ceded risk was transferred back to NMIC. In connection with the commutation, Re One paid \$8.4 million of fees to NMIC to settle all outstanding reinsurance obligations. Following the commutation, NMIC no longer cedes any premiums or loss to Re One, and Re One has no risk in force or further obligation on future claims.

Dividends that exceed ordinary dividends (i.e., "extraordinary" dividends) are subject to the Wisconsin OCI's prior approval. Under Wisconsin insurance laws, an ordinary dividend is defined as any payment or distribution that together with other dividends and distributions made within the preceding 12 months does not exceed the lesser of (i) 10% of the insurer's statutory policyholders' surplus as of the preceding December 31 or (ii) adjusted net income. Adjusted net income is calculated as the greater of (a) the net income, excluding capital gains, for the immediately preceding calendar year or (b) the aggregate net income, excluding capital gains, for the 3 immediately preceding calendar years, minus shareholder distributions made in the first two of three aforementioned calendar years. Dividends that exceed this amount are extraordinary and require prior approval of the Commissioner. There were no transfers between Level 1 and Level 2 of the fair value hierarchy during the twelve months ended December 31, 2025.

The following describes the valuation techniques used by the Company to determine the fair value of financial instruments held as of December 31, 2025.

The Company established a fair value hierarchy by prioritizing the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or

liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under this standard are described below:

- Level 1 - Fair value measurements based on quoted prices in active markets that we have the ability to access for identical assets or liabilities. Market price data generally is obtained from exchange or dealer markets. We do not adjust the quoted price for such instruments; and
- Level 2 - Fair value measurements based on inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly. Level 2 inputs include quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, and inputs other than quoted prices that are observable for the asset or liability, such as interest rates and yield curves that are observable at commonly quoted intervals; and
- Level 3 - Fair value measurements based on valuation techniques that use significant inputs that are unobservable. Both observable and unobservable inputs may be used to determine the fair values of positions classified in Level 3. The circumstances for using these measurements include those in which there is little, if any, market activity for the asset or liability. Therefore, we must make certain assumptions, which require significant management judgment or estimation about the inputs a hypothetical market participant would use to value that asset or liability.

The level of market activity used to determine the fair value hierarchy is based on the availability of observable inputs market participants would use to price an asset or a liability, including market value price observations.

SCHEDULE P INTERROGATORIES

1. The following questions relate to yet-to-be-issued Extended Reporting Endorsements (EREs) arising from Death, Disability, or Retirement (DDR) provisions in Medical Professional Liability Claims Made insurance policies. EREs provided for reasons other than DDR are not to be included.
- 1.1 Does the company issue Medical Professional Liability Claims Made insurance policies that provide tail (also known as an extended reporting endorsement, or "ERE") benefits in the event of Death, Disability, or Retirement (DDR) at a reduced charge or at no additional cost? Yes [] No [X]
 If the answer to question 1.1 is "no", leave the following questions blank. If the answer to question 1.1 is "yes", please answer the following questions:
- 1.2 What is the total amount of the reserve for that provision (DDR Reserve), as reported, explicitly or not, elsewhere in this statement (in dollars)? \$
- 1.3 Does the company report any DDR reserve as Unearned Premium Reserve per SSAP #65? Yes [] No [X]
- 1.4 Does the company report any DDR reserve as loss or loss adjustment expense reserve? Yes [] No [X]

- 1.6 If the company reports DDR reserve as loss or loss adjustment expense reserve, please complete the following table corresponding to where these reserves are reported in Schedule P:

2. The definition of allocated loss adjustment expenses (ALAE) and, therefore, unallocated loss adjustment expenses (ULAE) was changed effective January 1, 1998. Are these expenses (now reported as "Defense and Cost Containment" and "Adjusting and Other") reported in compliance with these definitions in this statement? Yes [X] No []

For reinsurers, Adjusting and Other expense assumed should be reported according to the reinsurance contract.
