Notes to Financial Statement**1. Summary of Significant Accounting Policies****A. Accounting Practices**

The financial statements of National Mortgage Insurance Corporation (“NMIC” or the “Company”), are presented on the basis of accounting practices prescribed or permitted by the Wisconsin Office of the Commissioner of Insurance (“Wisconsin OCI”).

The Wisconsin OCI recognizes only statutory accounting practices prescribed or permitted by the State of Wisconsin for determining and reporting the financial condition and results of operations of an insurance company and for determining its solvency under the Wisconsin Insurance Statutes. The National Association of Insurance Commissioners’ (“NAIC”) *Accounting Practices and Procedures* manual, version effective January 1, 2001, (“NAIC SAP”) has been adopted as a component of prescribed or permitted practices by the State of Wisconsin. The state of Wisconsin has adopted certain prescribed accounting practices that differ from those found in NAIC SAP. Specifically, Wisconsin domiciled companies record changes in the contingency reserve through the income statement as an underwriting deduction. In NAIC SAP, changes in the contingency reserve are recorded directly to unassigned surplus.

The Wisconsin Commissioner of Insurance (the “Commissioner”) has the right to permit other specific practices that deviate from prescribed practices.

A reconciliation of net income and capital and surplus between NAIC SAP and practices prescribed and permitted by the State of Wisconsin is shown below:

D. Loan-Backed Securities

(1) The Company uses widely accepted models for prepayment assumptions in valuing loan-backed securities with inputs from major third party data providers. The Company's investment policy expressly prohibits investments in mortgage-backed securities not backed by the full faith and credit of the U.S. Government, however it permits investment in other loan-backed securities including: auto loan, credit card, student loan and other highly rated loan-backed securities.

(2) The Company has not recognized any other-than-temporary impairments.

(3) The Company has not recognized any other-than-temporary impairments.

(4) All impaired loan-backed securities (fair value is less than cost or amortized cost) for which an other than temporary impairment has not been recognized in earnings as a realized loss,

(a) The aggregate amount of unrealized losses:

1. Less than 12 Months	\$	(1,217,424)
2. 12 Months or Longer		(269,236)

(b) The aggregate related fair value of securities with unrealized losses:

1. Less than 12 Months	\$	99,760,370
2. 12 Months or Longer		27,494,546

(5) Management regularly reviews the value of the Company's investments. If the value of any investment falls below its cost basis, the decline is analyzed to determine whether it is an other-than-temporary decline in value. To make this determination for each security, the Company considers its intent to sell the security and whether it is more likely than not that the Company would be required to sell the security before recovery, extent and duration of the decline, failure of the issuer to make scheduled interest or principal payments, change in rating below investment grade and adverse conditions specifically related to the security, an industry, or a geographic area.

Based on that analysis, management makes a judgment as to whether the loss is other-than-temporary. If the loss is other-than-temporary, an impairment charge is recorded within net realized capital gains (losses) in the statement of income in the period the determination is made. No other-than-temporary impairments were recognized for the quarter ending June 30, 2015.

B. Dividend Rate of Preferred Stock

No significant change from year end 2014.

C. Dividend Restrictions

The Company's ability to pay dividends to its parent is limited by insurance laws of the State of Wisconsin and certain other states. Wisconsin law provides that the Company may pay out dividends without the prior approval of the Commissioner (“ordinary dividends”) in an amount, when added to other shareholder distributions made in the prior 12 months, not to exceed the lesser of (a) 10% of the insurer's surplus as regards to policyholders as of the prior December 31, or (b) its net income (excluding realized capital gains) for the twelve month period ending December 31 of the immediately preceding calendar year. In determining net income, an insurer may carry forward net income from the previous two calendar years that has not already been paid out as a dividend. Dividends that exceed this amount are “extraordinary dividends”, which require prior approval of the Commissioner. California prohibits dividends except from undivided profits remaining on hand over and above its paid-in capital, paid-in surplus and contingency reserves. Additionally, statutory minimum capital requirements may limit the amount of dividend that the Company may pay. For example, the State of Florida requires mortgage guaranty insurers to hold capital and surplus not less than the lesser of (i) 10% of its total liabilities, or (ii) \$100 million.

Notes to Financial Statement

The Company has not paid or declared any ordinary dividends. In connection with its state licensing, the Company entered into commitments with the California Insurance Department, the Florida Office of Insurance Regulation, the Missouri Department of Insurance, the New York State Department of Financial Services, the Ohio Department of Insurance, and the Texas Commissioner of Insurance not to pay or declare any dividends for the three year period ending January 16, 2016. *See Note 21 - Other Items - A - Extraordinary.*

In addition to the foregoing state dividend limitations, the Company is prohibited from paying any shareholder dividends until December 31, 2015 by separate agreement with Fannie Mae and Freddie Mac (collectively the "GSE's").

20. Fair Value Measurements

A. Inputs Used for Assets and Liabilities at Fair Value

The Company does not measure and report any assets or liabilities at fair value in the statement of financial position after initial recognition.

B. Other Fair Value Disclosures

Not Applicable.

C. Fair Values for All Financial Instruments by Levels 1, 2, and 3

The table below reflects the fair values and admitted values of all admitted assets and liabilities that are financial instruments. The fair values are also categorized into the three- levels as described below.

As of June 30, 2015

Type of Financial Instrument	Fair Value	Admitted Value	Level 1	Level 2	Level 3	Not Practicable (Carrying Value)
Financial instruments - assets						
Bonds	\$ 205,878,673	\$ 206,813,286	\$ 31,392,498	\$ 174,486,175	\$ —	—
Preferred stocks	—	—	—	—	—	—
Common stocks	—	—	—	—	—	—
Mortgage loans	—	—	—	—	—	—
Cash, cash equivalents and short term investments	47,091,642	47,091,642	47,091,642	—	—	—
Other	—	—	—	—	—	—
Total assets	\$ 252,970,315	\$ 253,904,928	\$ 78,484,140	\$ 174,486,175	\$ —	—
Financial instruments - liabilities						
Total liabilities	\$ —	\$ —	\$ —	\$ —	\$ —	—

The following describes the valuation techniques used by the Company to determine the fair value of financial instruments held as of June 30, 2015.

The Company established a fair value hierarchy by prioritizing the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under this standard are described below:

- Level 1 - Quoted prices in Active Markets for Identical Assets and Liabilities. This category includes cash and US Treasury Securities. Unadjusted quoted prices for identical assets or liabilities in active markets that are accessible at the measurement date for identical assets or liabilities;
- Level 2 - Significant Other Observable Inputs. This category is for items measured at fair value on a recurring basis, including common stock, which are not exchange-traded. Prices or valuations based on observable inputs other than quoted prices in active markets for identical assets and liabilities; and
- Level 3 - Significant Unobservable Inputs. Unobservable inputs that are significant to the fair value of the assets or liabilities. Level 3 assets and liabilities include financial instruments whose value is determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant management judgment or estimation. The Company has no assets or liabilities in this category.

The level of market activity used to determine the fair value hierarchy is based on the availability of observable inputs market participants would use to price an asset or a liability, including market value price observations.

Notes to Financial Statement

D. Reasons Not Practical to Estimate Fair Values

Not Applicable.

21. Other Items

A. Extraordinary Items

Organizational Examination

The Wisconsin OCI completed an Organizational Examination of NMIC on September 27, 2012. The period under exam was June 30, 2009 through June 30, 2012. The Examination did not result in any recommendations, reclassification of or adjustment to the balances reported by the company.

GSE Approval

Fannie Mae and Freddie Mac (collectively, the "GSEs") are the principal purchasers of mortgages insured by MI companies. In January 2013, the GSEs approved NMIC as a qualified mortgage insurer, and in their approvals imposed certain capitalization, operational and reporting conditions on NMIC (collectively, the GSE Approvals), most of which remain in effect until they are superseded on December 31, 2015 by the effectiveness of the GSEs' final PMIERS (discussed below). Until the final PMIERS are effective, NMIC is subject to ongoing compliance with the conditions in the GSE Approvals as well as the GSEs' existing respective eligibility requirements.

The conditions in the GSE Approvals require, among other things, that NMIC:

- maintain minimum capital of \$150,000,000;
- operate at a risk-to-capital ratio not to exceed 15:1;
- not declare or pay dividends to affiliates or to NMIH;
- not enter into capital support agreements or guarantees for the benefit of, or purchase or otherwise invest in the debt of, affiliates without the prior written approval of the GSEs; and
- not enter into reinsurance or other risk share arrangements without the GSEs' prior written approval.

The GSE Approvals also includes other conditions, limitations and reporting requirements, including, but not limited to, limits on costs allocated to NMIC under affiliate expense sharing arrangements; conditions related to risk concentration and rates of return; restrictions on provision of ancillary services (i.e., non-insurance) to customers and transfers of underwriting to affiliates; notification requirements regarding change of ownership and new five percent (5%) shareholders; the obligation to, at the direction of one or both of the GSEs, re-domicile from Wisconsin to another state; and provisions regarding underwriting policies and claims processing.

Licensing

The Company requires a certificate of authority, or insurance license, in each state or jurisdiction in which it issues insurance policies. NMIC is currently licensed in all 50 states and D.C.

As conditions of obtaining licenses in Alabama, Arizona, California, Florida, Missouri, New York, Ohio and Texas, NMIC entered into agreements with the Alabama Department of Insurance ("ALDOI"), the California Insurance Department ("CADOI"), the Florida Office of Insurance Regulation ("FLDOI"), the Missouri Department of Insurance ("MODOI"), the New York State Department of Financial Services ("NYDOI"), the Ohio Department of Insurance ("OHDOI") and the Texas Commissioner of Insurance ("TXDOI"). The agreements with the CADOI, FLDOI, MODOI, NYDOI, OHDOI and TXDOI, provide, among other things, that:

- NMIC (i) refrain from paying any dividends; (ii) retain all profits; and (iii) other than in Florida, maintain a risk-to-capital ratio not to exceed 20 to 1, for three years from the date of GSE Approval (i.e., until January 2016); and
- certain start-up compensation expenses and equity compensation in the form of stock options and restricted stock units ("RSUs") shall not be allocated to or assumed as a cost or expense by NMIC.

In its agreements with the FLDOI and NYDOI, NMIC is required to obtain the FLDOI's and NYDOI's respective prior written approvals to significantly deviate from the plan of operations and/or financial projections that were submitted to the FLDOI and NYDOI in connection with NMIC's license applications in those states.

Notes to Financial Statement

In connection with NMIC's license applications in California, Missouri and New York, NMIH entered into agreements with the CADOI, MODOI and NYDOI requiring NMIH to contribute capital to NMIC as necessary to maintain NMIC's risk-to-capital ratio at or below 20 to 1 for three years from the date of GSE Approval. In addition, the operation plan filed with the Wisconsin OCI and other state insurance departments in connection with NMIC's license applications includes the expectation that NMIH will downstream additional capital, if needed, so that NMIC does not exceed an 18 to 1 risk-to-capital ratio. Re One is also a party to the agreement with the CADOI.

Regulatory Update

State insurance regulators, through an NAIC working group, are proposing amendments to overhaul states' statutory capital requirements applicable to mortgage insurers. NMIC, along with other MI companies is working with the Mortgage Guaranty Insurance Working Group of the Financial Condition (E) Committee of the NAIC (Working Group). The Working Group will determine and make a recommendation to the Financial Condition (E) Committee of the NAIC as to what changes the Working Group believes are necessary to the solvency regulation for MI companies, including changes to the Mortgage Guaranty Insurers Model Act (Model #630). The Company has provided feedback to the Working Group since early 2013, and it supports more robust capital standards and continue to advocate for a strong capital model. The Working Group has indicated that it plans to complete its work by the end of 2015; however, discussions are ongoing and the ultimate outcome of these discussions and any potential actions taken by the NAIC cannot be predicted at this time. Given NMIC's current capital position relative to its risk-in-force, the Company anticipates that it will be well positioned to comply with new capital requirements proposed by the NAIC when they become effective through adoption by one or more states.

On April 17, 2015, the Federal Housing Finance Agency (FHFA) published final updated PMIERS that will be effective on December 31, 2015 (Effective Date) for existing, GSE-approved private mortgage insurers, i.e. *Approved Insurers*. (*Italicized* terms have the same meaning that such terms have in the PMIERS, as described below.) The PMIERS establish operational, business, remedial and financial requirements applicable to *Approved Insurers*. Under the PMIER financial requirements, *Approved Insurers* must maintain *available assets* that equal or exceed *minimum required assets*, which is an amount equal to the greater of (i) \$400 million or (ii) a total *risk-based required asset amount*. The *risk-based required asset amount* is a function of the risk profile of an *Approved Insurer's* net risk-in-force, calculated by applying certain risk-based factors derived from tables set out in the PMIERS to the net risk-in-force of each insured loan. The *risk-based required asset amount* for primary insurance is subject to a floor of 5.6% of total, performing, primary RIF, and the *risk-based required asset amount* for pool insurance considers both the factors in the tables and the *net remaining stop loss* for each pool insurance policy.

By March 1, 2016, each *Approved Insurer* must certify to the GSEs that it fully complies with the PMIERS as of the Effective Date. If an *Approved Insurer* meets all of the PMIERS except the financial requirements, by March 31, 2016, that *Approved Insurer* must submit a transition plan to each GSE detailing how it will comply with the financial requirements not later than June 30, 2017 (Compliance Date). The Company expects that prior to the Effective Date, NMIC will have undertaken measures to fully comply with the PMIERS financial requirements as of the Effective Date or, by March 31, 2016, NMIC will submit a transition plan to the GSEs detailing how NMIC will fully comply with the PMIERS on the Compliance Date.

Financial Strength Rating

As a condition of Freddie Mac's approval, NMIC was required to obtain a financial strength rating no later than July 31, 2015. In July 2015, Standard & Poor's (S&P) Ratings Services assigned its "BBB-" financial strength and long-term counter-party credit ratings to NMIC. At the same time, S&P assigned its "BB-" long-term counter-party credit rating to NMIH. S&P's outlook for both companies is "stable."

B. Troubled Debt Restructuring: Debtors

25. Changes in Incurred Losses and Loss Adjustment Expenses

The Company incurred claims and claim adjustment expenses of \$121,490 and \$23,831 for the six months ended June 30, 2015 and 2014, respectively. There was a \$41,661 favorable prior year loss development during the six months ended June 30, 2015. Loss reserves remaining as of June 30, 2015 for defaults occurring in prior years have been reduced to \$34,669, following re-estimation of unpaid claims and claim adjustment expenses. The increase loss reserves as of the end of the period is the result of current year defaults. Original loss reserve estimates will be increased or decreased as additional information becomes known regarding individual claims. NMIC has not paid any claims to date.

The Company’s practice is to establish claim reserves only for loans in default. The Company does not consider a loan to be in default for claim reserve purposes until we receive notice from the servicer that a borrower has failed to make two consecutive regularly scheduled payments and is at least sixty days in default. The Company also reserves for claims incurred but not yet reported. However, and consistent with the industry, the Company does not establish claim reserves for anticipated future claims on insured loans that are not currently in default. The Company does not adjust premiums of policies currently in-force based on past claim activity.
