Notes to Financial Statement**1. Summary of Significant Accounting Policies****A. Accounting Practices**

The financial statements of National Mortgage Reinsurance Inc One (“Re One” or the “Company”), are presented on the basis of accounting practices prescribed or permitted by the Wisconsin Office of the Commissioner of Insurance (“Wisconsin OCI”).

The Wisconsin OCI recognizes only statutory accounting practices prescribed or permitted by the State of Wisconsin for determining and reporting the financial condition and results of operations of an insurance company and for determining its solvency under the Wisconsin Insurance Statutes. The National Association of Insurance Commissioners’ (“NAIC”) *Accounting Practices and Procedures* manual, version effective January 1, 2001, (“NAIC SAP”) has been adopted as a component of prescribed or permitted practices by the State of Wisconsin. The state of Wisconsin has adopted certain prescribed accounting practices that differ from those found in NAIC SAP. Specifically, Wisconsin domiciled companies record changes in the contingency reserve through the income statement as an underwriting deduction. In NAIC SAP, changes in the contingency reserve are recorded directly to unassigned surplus.

The Wisconsin Commissioner of Insurance (the “Commissioner”) has the right to permit other specific practices that deviate from prescribed practices.

A reconciliation of net income and capital and surplus between NAIC SAP and practices prescribed and permitted by the State of Wisconsin is shown below:

B. Use of Estimates in the Preparation of the Financial Statements

No significant change from year end 2018.

C. Accounting Policy

The Company uses the following accounting policies:

- (1) - (5) No significant change from year end 2018.
- (6) Loan-backed securities are valued using the retrospective method and are stated at amortized cost or fair value in accordance with their NAIC designation.
- (7) - (13) No significant change from year end 2018.

D. Going Concern

The Company has no substantial doubt about its ability to continue as a going concern.

2. Accounting Changes and Corrections of Errors**Assets - Page Q2 and Notes to Financial Statement, Footnote 10**

On the Annual Statement for the year ended December 31, 2018, the Company reported the \$169,157 of assumed reinsurance receivable as a component of line 23 - Receivables from parent, subsidiaries and affiliates. This balance should have been reported on line 15.1 - Uncollected premiums and agents’ balances in the course of collection. The Quarterly Statement as of June 30, 2019 reflects this correction on the following lines:

D. Loan-Backed Securities

- (1) The Company uses widely accepted models for prepayment assumptions in valuing loan-backed securities with inputs from major third party data providers. The Company's investment policy complies with SSAP No. 43R - *Loan-backed and Structured Securities* as adopted by the Wisconsin OCI.
- (2) The Company has not recognized any other-than-temporary impairments for the six months ended June 30, 2019.
- (3) The Company has not recognized any other-than-temporary impairments for the six months ended June 30, 2019.
- (4) All impaired loan-backed securities (fair value is less than cost or amortized cost) for which an other-than-temporary impairment has not been recognized in earnings as a realized loss:

Notes to Financial Statement

(a) The aggregate amount of unrealized losses:

1. Less than 12 Months	\$	-
2. 12 Months or Longer	\$	51

(b) The aggregate related fair value of securities with unrealized losses:

1. Less than 12 Months	\$	-
2. 12 Months or Longer	\$	120,167

- (5) Management regularly reviews the value of the Company's investments. If the value of any investment falls below its cost basis, the decline is analyzed to determine whether it is an other-than-temporary decline in value. To make this determination for each security, the Company considers its intent to sell the security and whether it is more likely than not that the Company would be required to sell the security before recovery, extent and duration of the decline, failure of the issuer to make scheduled interest or principal payments, change in rating below investment grade and adverse conditions specifically related to the security, an industry, or a geographic area.

Based on that analysis, management makes a judgment as to whether the loss is other-than-temporary. If the loss is other-than-temporary, an impairment charge is recorded within net realized investment gains in the statements of operations in the period such determination is made. No other-than-temporary impairments were recognized for the six months ended June 30, 2019. As of June 30, 2019, the Company held no other-than-temporarily impaired securities.

C. Change in Terms of Intercompany Arrangements

On March 25, 2019, National Mortgage Insurance Corporation ("NMIC") amended the terms of its intercompany reinsurance agreement with the Company. The amendment sets forth formulae to determine reinsurance coverage amounts and reinsurance premiums applicable to certificates issued by NMIC on or after January 1, 2019. Under the formulae, NMIC cedes to the Company, on an excess share basis, the portion of risk on each certificate that exceeds 33.3% of the original loan amount. If the coverage percentage on each Certificate is less than 33.3%, no risk will be ceded to the Company. Reinsurance premiums are equal to the portion of risk ceded to the Company divided by the coverage percentage specified on the applicable certificate. The amendment was non-disapproved by the Wisconsin OCI on April 22, 2019.

There were no other changes in terms of Intercompany Arrangements for the six months ended June 30, 2019.

No significant change from year end 2018. Not applicable.

G. All Other Contingencies

The Company has no material contingent liabilities other than those described below regarding the contingency reserve for mortgage guaranty insurance.

Notes to Financial Statement

Mortgage guaranty insurers are required to establish a special contingency reserve from unassigned surplus, with annual contributions equal to the greater of (1) 50% of net earned premiums or (2) minimum policyholders' position divided by seven. The purpose of this reserve is to protect policyholders against the effects of adverse economic cycles. The contribution to contingency reserves for any period is released to unassigned funds after 120 months unless it is released prior to that time with the prior consent of the Wisconsin OCI.

Sec. 3.09 (14) of the Wisconsin Administrative Code ("Wisconsin Code") allows withdrawals from the reserve in any year to the extent that incurred claims and claim adjustment expenses exceed 35% of earned premiums. Additionally, in order to receive a tax benefit for the deduction of the additions to the statutory contingency reserve, the Company may purchase U.S. government issued tax and loss bonds in the amount equal to the tax benefit. These non-interest-bearing bonds are held in investments for maintaining the statutory liability for ten years or until such time as the contingency reserve is released back into surplus.

As of June 30, 2019 and June 30, 2018, the company has recorded contingency reserves of \$7,556,178 and \$7,080,317, respectively. The contingency reserve calculation is based on 50% of gross premiums earned for the six months ended June 30, 2019 and June 30, 2018. The Company did not have contingency reserve withdrawals for the six months ended June 30, 2019 and June 30, 2018.

Per the Wisconsin Code, the Company records changes in the contingency reserve through the income statement as an underwriting expense, which differs from NAIC SAP. *See Note 1 - Item A - Accounting Practices above.*

As of June 30, 2019 and June 30, 2018, the Company had net admitted assets of \$200,840 and \$150,637 respectively, related to premiums receivable due from policyholders. The Company routinely assesses the collectability of these receivables. Based upon Company experience, any potential uncollectible premiums receivable as of the end of the current year are not expected to exceed the nonadmitted amount, and therefore, no additional provision for uncollected amounts have been recorded. The potential for any additional loss is not expected to be material to the Company's financial condition.

There were no transfers between Level 1 and Level 2 of the fair value hierarchy during the six months ended June 30, 2019.

The following describes the valuation techniques used by the Company to determine the fair value of financial instruments held as of June 30, 2019.

The Company established a fair value hierarchy by prioritizing the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under this standard are described below:

- Level 1 - Fair value measurements based on quoted prices in active markets that we have the ability to access for identical assets or liabilities. Market price data generally is obtained from exchange or dealer markets. We do not adjust the quoted price for such instruments; and

Notes to Financial Statement

- Level 2 - Fair value measurements based on inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly. Level 2 inputs include quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, and inputs other than quoted prices that are observable for the asset or liability, such as interest rates and yield curves that are observable at commonly quoted intervals; and
- Level 3 - Fair value measurements based on valuation techniques that use significant inputs that are unobservable. Both observable and unobservable inputs may be used to determine the fair values of positions classified in Level 3. The circumstances for using these measurements include those in which there is little, if any, market activity for the asset or liability. Therefore, we must make certain assumptions, which require significant management judgment or estimation about the inputs a hypothetical market participant would use to value that asset or liability.

The level of market activity used to determine the fair value hierarchy is based on the availability of observable inputs market participants would use to price an asset or a liability, including market value price observations.

22. Subsequent Events

The Company has performed subsequent event procedures through August 14, 2019.

On July 30, 2019, NMIC, an Insurance Affiliate of the Company, entered into a reinsurance agreement with Oaktown Re III Ltd. (Oaktown Re III), a Bermuda domiciled special purpose reinsurer, that provides for up to \$326.9 million of aggregate excess-of-loss reinsurance coverage at inception for new delinquencies on an existing portfolio of mortgage insurance policies written between June 1, 2018 and June 30, 2019. For the reinsurance coverage period, NMIC will retain the first layer of \$123.4 million of aggregate losses and Oaktown Re III will then provide second layer coverage up to the outstanding reinsurance coverage amount. NMIC will then retain losses in excess of the outstanding reinsurance coverage amount.

Oaktown Re III financed the coverage by issuing mortgage insurance-linked notes in an aggregate amount of \$326.9 million to unaffiliated investors (the 2019 Notes). The 2019 Notes mature on July 25, 2029. All of the proceeds paid to Oaktown Re III from the sale of the 2019 Notes were deposited into a reinsurance trust to collateralize and fund the obligations of Oaktown Re III to NMIC under the reinsurance agreement. Funds in the reinsurance trust account are required to be invested in high credit quality money market funds at all times. NMIC's reinsurance agreement with Oaktown Re III and the issuance of the 2019 Notes by Oaktown Re III are referred collectively as the 2019 ILN Transaction. Under the terms of the 2019 ILN Transaction, NMIC makes risk premium payments to Oaktown Re III for the applicable outstanding reinsurance coverage amount and pays Oaktown Re III for anticipated operating expenses (capped at \$250,000 per year). The monthly reinsurance premiums are equal to the interest payable on the 2019 Notes, less investment income earned on the reinsurance trust balance.

If the losses on the covered mortgage insurance policies exceed NMIC's loss retention, reinsurance benefits will accrue to the Company under the intercompany reinsurance agreement with NMIC as the Company will not be required to repay losses ceded to Oaktown Re III under the 2019 ILN Transaction.

(1) Did the reporting entity write accident and health insurance premium that is subject to the Affordable Care Act risk-sharing provisions (YES/NO?)

No, the Company did not write accident and health insurance premium that is subject to the Affordable Care Act risk-sharing provisions.

25. Changes in Incurred Losses and Loss Adjustment Expenses**A. Changes in Incurred Losses and Loss Adjustment Expenses**

The Company solely acts in the capacity of a mortgage guaranty reinsurer to NMIC. The Company incurred claims and claim adjustment expenses of \$66,554 and \$(1,611) for the six months ended June 30, 2019 and 2018, respectively. There was a \$6,449 favorable prior year claims development during the six months ended June 30, 2019. Claims reserve remaining as of June 30, 2019 for prior years are \$76,271 following re-estimation of unpaid claims and claim adjustment expenses. Claims reserves remaining as of June 30, 2019 for all accident years are \$149,274. The decrease in claims reserves at the end of the period is generally the result of less loan defaults and an increased cure rate in the current year. Original loss reserve estimates are increased or decreased as additional information becomes known regarding individual claims and as claims are settled.

Consistent with NMIC, the Company's practice is to establish claim reserves only for loans in default. A loan is not considered to be in default for claim reserve purposes until NMIC receives notice from the servicer that a borrower has failed to make two consecutive regularly scheduled payments and is at least sixty days in default. The Company also reserves for claims incurred but not yet reported. However, and consistent with the industry, the Company does not establish claim reserves for anticipated future claims on insured loans that are not currently in default. The Company does not adjust premiums on policies currently in-force based on past claim activity.
