**Notes to Financial Statement****1. Summary of Significant Accounting Policies****A. Accounting Practices**

The financial statements of National Mortgage Insurance Corporation (“NMIC” or the “Company”), are presented on the basis of accounting practices prescribed or permitted by the Wisconsin Office of the Commissioner of Insurance (“Wisconsin OCI”).

The Wisconsin OCI recognizes only statutory accounting practices prescribed or permitted by the State of Wisconsin for determining and reporting the financial condition and results of operations of an insurance company and for determining its solvency under the Wisconsin Insurance Statutes. The National Association of Insurance Commissioners’ (“NAIC”) *Accounting Practices and Procedures* manual, version effective January 1, 2001, (“NAIC SAP”) has been adopted as a component of prescribed or permitted practices by the State of Wisconsin. The state of Wisconsin has adopted certain prescribed accounting practices that differ from those found in NAIC SAP. Specifically, Wisconsin domiciled companies record changes in the contingency reserve through the income statement as an underwriting deduction. In NAIC SAP, changes in the contingency reserve are recorded directly to unassigned surplus.

The Wisconsin Commissioner of Insurance (the “Commissioner”) has the right to permit other specific practices that deviate from prescribed practices.

A reconciliation of net income and capital and surplus between NAIC SAP and practices prescribed and permitted by the State of Wisconsin is shown below:

**D. Loan-Backed Securities**

- (1) The Company uses widely accepted models for prepayment assumptions in valuing loan-backed securities with inputs from major third party data providers. The Company's investment policy complies with the investment guidelines set forth by the Wisconsin OCI.
- (2) The Company has not recognized any other-than-temporary impairments.
- (3) The Company has not recognized any other-than-temporary impairments.
- (4) All impaired loan-backed securities (fair value is less than cost or amortized cost) for which an other than temporary impairment has not been recognized in earnings as a realized loss,
  - (a) The aggregate amount of unrealized losses:
 

1. Less than 12 Months	\$	(1,283,809)
2. 12 Months or Longer		(246,592)
  - (b) The aggregate related fair value of securities with unrealized losses:
 

1. Less than 12 Months	\$	82,234,865
2. 12 Months or Longer		19,827,143
- (5) Management regularly reviews the value of the Company's investments. If the value of any investment falls below its cost basis, the decline is analyzed to determine whether it is an other-than-temporary decline in value. To make this determination for each security, the Company considers its intent to sell the security and whether it is more likely than not that the Company would be required to sell the security before recovery, extent and duration of the decline, failure of the issuer to make scheduled interest or principal payments, change in rating below investment grade and adverse conditions specifically related to the security, an industry, or a geographic area.

Based on that analysis, management makes a judgment as to whether the loss is other-than-temporary. If the loss is other-than-temporary, an impairment charge is recorded within net realized capital gains (losses) in the statement of income in the period the determination is made. No other-than-temporary impairments were recognized for the quarter ending March 31, 2016.

C. Dividend Restrictions

The Company's ability to pay dividends to its parent is limited by insurance laws of the State of Wisconsin and certain other states. Wisconsin law provides that the Company may pay out dividends without the prior approval of the Commissioner (“ordinary dividends”) in an amount, when added to other shareholder distributions made in the prior 12 months, not to exceed the lesser of (a) 10% of the insurer's surplus as regards to policyholders as of the prior December 31, or (b) its net income (excluding realized capital gains) for the twelve month period ending December 31 of the immediately preceding calendar year. In determining net income, an insurer may carry forward net income from the

## Notes to Financial Statement

previous two calendar years that has not already been paid out as a dividend. Dividends that exceed this amount are “extraordinary dividends”, which require prior approval of the Commissioner.

California prohibits dividends except from undivided profits remaining on hand over and above its paid-in capital, paid-in surplus and contingency reserves. Additionally, statutory minimum capital requirements may limit the amount of dividend that the Company may pay. For example, the State of Florida requires mortgage guaranty insurers to hold capital and surplus not less than the lesser of (i) 10% of its total liabilities, or (ii) \$100 million.

## C. Fair Values for All Financial Instruments by Levels 1, 2, and 3

The table below reflects the fair values and admitted values of all admitted assets and liabilities that are financial instruments. The fair values are also categorized into the three- levels as described below.

As of March 31, 2016

Type of Financial Instrument	Fair Value	Admitted Value	Level 1	Level 2	Level 3	Not Practicable (Carrying Value)
<b>Financial instruments - assets</b>

<b>Total assets</b>	<b>\$ 506,804,391</b>	<b>\$ 501,420,709</b>	<b>\$ 87,945,976</b>	<b>\$ 418,858,415</b>	<b>\$ —</b>	<b>—</b>
<b>Financial instruments - liabilities</b>						
<b>Total liabilities</b>	<b>\$ —</b>	<b>\$ —</b>	<b>\$ —</b>	<b>\$ —</b>	<b>\$ —</b>	<b>—</b>

The following describes the valuation techniques used by the Company to determine the fair value of financial instruments held as of March 31, 2016.

The Company established a fair value hierarchy by prioritizing the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under this standard are described below:

- Level 1 - Quoted prices in Active Markets for Identical Assets and Liabilities. This category includes cash and US Treasury Securities. Unadjusted quoted prices for identical assets or liabilities in active markets that are accessible at the measurement date for identical assets or liabilities;
- Level 2 - Significant Other Observable Inputs. This category is for items measured at fair value on a recurring basis, including common stock, which are not exchange-traded. Prices or valuations based on observable inputs other than quoted prices in active markets for identical assets and liabilities; and
- Level 3 - Significant Unobservable Inputs. Unobservable inputs that are significant to the fair value of the assets or liabilities. Level 3 assets and liabilities include financial instruments whose value is determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant management judgment or estimation. The Company has no assets or liabilities in this category.

The level of market activity used to determine the fair value hierarchy is based on the availability of observable inputs market participants would use to price an asset or a liability, including market value price observations.

## Notes to Financial Statement

### D. Reasons Not Practical to Estimate Fair Values

Not Applicable.

## 21. Other Items

### A. Unusual or Infrequent Items

#### Organizational Examination:

The Wisconsin OCI completed an Organizational Examination of NMIC on September 27, 2012. The period under exam was June 30, 2009 through June 30, 2012. The Examination did not result in any recommendations, reclassification of or adjustment to the balances reported by the company.

#### GSE Approval:

The Company was approved as an eligible mortgage guaranty insurer by Freddie Mac and Fannie Mae, on January 15, 2013 and January 16, 2013, respectively, subject to continuing to comply with certain requirements. Fannie Mae and Freddie Mac have imposed certain capitalization, operational and reporting conditions in connection with their approvals of NMIC as a qualified mortgage guaranty insurer. Most of these conditions expired on the 3rd anniversary of GSE approval, i.e., January 16, 2016. As of December 31, 2015, NMIC became subject to the financial, capital, and operational requirements set forth in the final Private Mortgage Insurer Eligibility Requirements ("PMIERS"), which were promulgated by Fannie Mae and Freddie Mac in January 2015. Under the PMIERS, NMIC must certify annually to Fannie Mae and Freddie Mac that it fully complies with the PMIERS and must notify them immediately upon discovery of its failure to meet one or more requirements of the PMIERS. NMIC certified to the GSEs as of December 31, 2015 that it fully complied with the PMIERS.

#### Regulatory Update:

NMIC is licensed to transact mortgage insurance in all 50 states and the District of Colombia.

The NAIC has formed a working group to explore, among other things, whether certain states' statutory capital requirements applicable to mortgage insurers should be overhauled. The Company, along with other MI companies are working with the Mortgage Guaranty Insurance Working Group of the Financial Condition (E) Committee of the NAIC (the "Working Group"). The Working Group will determine and make a recommendation to the Financial Condition (E) Committee of the NAIC as to what changes, if any, the Working Group believes are necessary to the solvency regulation for MI companies, including changes to the Mortgage Guaranty Insurers Model Act (Model #630). The Company has provided feedback to the Working Group since early 2013, and supports more robust capital standards and continues to advocate for a strong capital model. The discussions are ongoing and the ultimate outcome of these discussions and any potential actions taken by the NAIC cannot be predicted at this time. However, given the Company's current strong capital position and having no exposure to risk written in the 2005 through 2008 book years, the Company will be well positioned to comply with new capital requirements proposed by the NAIC when they become effective.

### B. Troubled Debt Restructuring: Debtors

### **F. Risk-Sharing Provisions of the Affordable Care Act (“ACA”)**

The Company does not write accident or health insurance and therefore is not subject to the ACA risk-sharing provisions.

### **25. Changes in Incurred Losses and Loss Adjustment Expenses**

The Company incurred claims and claim adjustment expenses of \$402,354 and \$92,944 for the three months ended March 31, 2016 and 2015, respectively. There was a \$89,397 favorable prior year loss development during the three months ended March 31, 2016. Loss reserves remaining as of March 31, 2016 for defaults occurring in prior years have been reduced to \$519,844, following re-estimation of unpaid claims and claim adjustment expenses. The increase loss reserves as of the end of the period is the result of current year defaults. Original loss reserve estimates will be increased or decreased as additional information becomes known regarding individual claims.

The Company’s practice is to establish claim reserves only for loans in default. The Company does not consider a loan to be in default for claim reserve purposes until we receive notice from the servicer that a borrower has failed to make two consecutive regularly scheduled payments and is at least sixty days in default. The Company also reserves for claims incurred but not yet reported. However, and consistent with the industry, the Company does not establish claim reserves for anticipated future claims on insured loans that are not currently in default. The Company does not adjust premiums of policies currently in-force based on past claim activity.
