Notes to Financial Statement**1. Summary of Significant Accounting Policies****A. Accounting Practices**

The financial statements of National Mortgage Insurance Corporation (“NMIC” or the “Company”), are presented on the basis of accounting practices prescribed or permitted by the Wisconsin Office of the Commissioner of Insurance (“Wisconsin OCI”).

The Wisconsin OCI recognizes only statutory accounting practices prescribed or permitted by the State of Wisconsin for determining and reporting the financial condition and results of operations of an insurance company and for determining its solvency under the Wisconsin Insurance Statutes. The National Association of Insurance Commissioners’ (“NAIC”) *Accounting Practices and Procedures* manual, version effective January 1, 2001, (“NAIC SAP”) has been adopted as a component of prescribed or permitted practices by the State of Wisconsin. The state of Wisconsin has adopted certain prescribed accounting practices that differ from those found in NAIC SAP. Specifically, Wisconsin domiciled companies record changes in the contingency reserve through the income statement as an underwriting deduction. In NAIC SAP, changes in the contingency reserve are recorded directly to unassigned surplus.

The Wisconsin Commissioner of Insurance (the “Commissioner”) has the right to permit other specific practices that deviate from prescribed practices.

A reconciliation of net income and capital and surplus between NAIC SAP and practices prescribed and permitted by the State of Wisconsin is shown below:

Notes to Financial Statement**D. Loan-Backed Securities**

- (1) The Company uses widely accepted models for prepayment assumptions in valuing loan-backed securities with inputs from major third party data providers. The Company's investment policy expressly prohibits investments in mortgage-backed securities, however it permits investment in other loan-backed securities including: auto loan, credit card, student loan and other highly rated loan-backed securities.
- (2) The Company has not recognized any other-than-temporary impairments.
- (3) The Company has not recognized any other-than-temporary impairments.
- (4) All impaired loan-backed securities (fair value is less than cost or amortized cost) for which an other than temporary impairment has not been recognized in earnings as a realized loss,

(a) The aggregate amount of unrealized losses:

1. Less than 12 Months	\$	(1,883,114)
2. 12 Months or Longer	\$	(121,349)

(b) The aggregate related fair value of securities with unrealized losses:

1. Less than 12 Months	\$	119,742,619
2. 12 Months or Longer	\$	7,919,882

- (5) Management regularly reviews the value of the Company's investments. If the value of any investment falls below its cost basis, the decline is analyzed to determine whether it is an other-than-temporary decline in value. To make this determination for each security, the Company considers its intent to sell the security and whether it is more likely than not that the Company would be required to sell the security before recovery, extent and duration of the decline, failure of the issuer to make scheduled interest or principal payments, change in rating below investment grade and adverse conditions specifically related to the security, an industry, or a geographic area.

Based on that analysis, management makes a judgment as to whether the loss is other-than-temporary. If the loss is other-than-temporary, an impairment charge is recorded within net realized capital gains (losses) in the statement of income in the period the determination is made. No other-than-temporary impairments were recognized for the quarter ending March 31, 2014.

C. Dividend Restrictions

The Company's ability to pay dividends to its parent is limited by insurance laws of the State of Wisconsin and certain other states. Wisconsin law provides that the Company may pay out dividends without the prior approval of the Commissioner (“ordinary dividends”) in an amount, when added to other shareholder distributions made in the prior 12 months, not to exceed the lesser of (a) 10% of the insurer's surplus as regards to policyholders as of the prior December 31, or (b) its net income (excluding realized capital gains) for the twelve month period ending December 31 of the immediately preceding calendar year. In determining net income, an insurer may carry forward net income from the previous calendar years that has not already been paid out as a dividend. Dividends that exceed this amount are “extraordinary dividends”, which require prior approval of the Commissioner. California prohibits dividends except from undivided profits remaining on hand over and above its paid-in capital, paid-in surplus and contingency reserves. Additionally, statutory minimum capital requirements may limit the amount of dividend that the Company may pay. For example, the State of Florida requires mortgage guaranty insurers to hold capital and surplus not less than the lesser of (i) 10% of its total liabilities, or (ii) \$100 million.

The Company has not paid or declared any ordinary dividends. In connection with its admission to several states, the Company entered into commitments with the California Insurance Department, the Florida Office of Insurance Regulation, the Missouri Department of Insurance, the New York State Department of Financial Services, the Ohio Department of Insurance, and the Texas Commissioner of Insurance not to pay or declare any dividends for the three

Notes to Financial Statement

year period ending January 16, 2016. The Company may enter into similar commitments with other state insurance departments. *See Note 21 - Other Items - A - Extraordinary.*

In addition to the foregoing state dividend limitations, the Company is prohibited from paying any shareholder dividends until December 31, 2015 by separate agreement with Fannie Mae and Freddie Mac (collectively the "GSE's").

20. Fair Value Measurements**A. Inputs Used for Assets and Liabilities at Fair Value**

The following describes the valuation techniques used by the Company to determine the fair value of financial instruments held as of March 31, 2014.

The Company established a fair value hierarchy by prioritizing the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under this standard are described below:

- Level 1 - Quoted prices in Active Markets for Identical Assets and Liabilities. This category includes cash and US Treasury Securities. Unadjusted quoted prices for identical assets or liabilities in active markets that are accessible at the measurement date for identical assets or liabilities;
- Level 2 - Significant Other Observable Inputs. This category is for items measured at fair value on a recurring basis, including common stock, which are not exchange-traded. Prices or valuations based on observable inputs other than quoted prices in active markets for identical assets and liabilities; and
- Level 3 - Significant Unobservable Inputs. Unobservable inputs that are significant to the fair value of the assets or liabilities. Level 3 assets and liabilities include financial instruments whose value is determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant management judgment or estimation. The Company has no assets or liabilities in this category.

The level of market activity used to determine the fair value hierarchy is based on the availability of observable inputs market participants would use to price an asset or a liability, including market value price observations.

The Company does not measure and report any assets or liabilities at fair value in the statement of financial position after initial recognition.

C. Fair Values for All Financial Instruments by Levels 1, 2, and 3

The table below reflects the fair values and admitted values of all admitted assets and liabilities that are financial instruments excluding those accounted for under the equity method (subsidiaries, joint ventures and ventures). As of March 31, 2014

Licensing:

On June 27, 2012, the Company's expansion application to obtain licenses in all states outside of Wisconsin was accepted into the Review of Electronic Application Coordination and Processing ("REACAP") process by the NAIC. NMIC is licensed in all 50 states and the District of Columbia.

As conditions of obtaining licenses in Alabama, Arizona, California, Florida, Missouri, New York, Ohio and Texas, NMIC entered into agreements with the Alabama Department of Insurance ("ALDOI"), Arizona Department of Insurance ("AZDOI"), the California Insurance Department ("CADOI"), the Florida Office of Insurance Regulation ("FLDOI"), the Kentucky Department of Insurance ("KYDOI"), the Missouri Department of Insurance ("MODOI"), the New York State Department of Financial Services ("NYDOI"), the Ohio Department of Insurance ("OHDOI") and the Texas Commissioner of Insurance ("TXDOI"). The agreements with the CADOI, FLDOI, MODOI, NYDOI, OHDOI and TXDOI, provide, among other things, that:

- NMIC (i) refrain from paying any dividends; (ii) retain all profits; and (iii) maintain a risk-to-capital ratio not to exceed 20 to 1, for three years from the date of GSE Approval (i.e., until January 15, 2016); and
- certain start-up compensation expenses and equity compensation in the form of stock options and restricted stock units shall not be allocated to or assumed as a cost or expense by NMIC.

In its agreements with the FLDOI and NYDOI, NMIC is required to obtain the FLDOI's and NYDOI's prior written approval to significantly deviate from the plan of operations and financial projections that were submitted to the FLDOI and NYDOI in connection with NMIC's license application. In addition, if the lawsuit brought by PMI's Receiver (see litigation below) is determined adversely to any of the officers who are named as defendants in the lawsuit (including the CEO, CFO, Chief Sales Officer and VP of Sales Operations, Analytics & Planning), the Company may be required to remove and replace those officers under the terms of the agreements with the ALDOI, AZDOI, FLDOI, KYDOI, NYDOI and TXDOI, as a condition of NMIC obtaining certificates of authority in those states, as well as under an agreement with the Wisconsin OCI. In connection with NMIC's license applications in California, Missouri and New York, NMI entered into agreements with the CADOI, MODOI and NYDOI requiring NMI to contribute capital to NMIC as necessary to maintain NMIC's risk-to-capital ratio at or below 20 to 1 for three years from the date of GSE Approval. Re One is also a party to the agreement with the CADOI and OHDOI. In the agreement with the FLDOI, NMI agreed, consistent with conditions of the GSE Approval, to downstream additional capital from time to time, as needed, to maintain NMIC's risk-to-capital ratio at or below 15 to 1. In addition, NMIC's operation plan filed with the Wisconsin OCI and other state insurance departments in connection with NMIC's applications for licensure includes the expectation that NMI will downstream additional capital, if needed, so that NMIC does not exceed an 18 to 1 risk-to-capital ratio.

GSE Approval:

The Company was approved as an eligible mortgage guaranty insurer by Freddie Mac and Fannie Mae, on January 15, 2013 and January 16, 2013, respectively, subject to continuing to comply with certain requirements. Fannie Mae and Freddie Mac have imposed certain capitalization, operational and reporting conditions in connection with their approvals of NMIC as a qualified mortgage guaranty insurer. Some of these conditions remain in effect for a three (3) year period from the date of GSE Approval while others do not expressly expire. These conditions require, among other things, that NMIC:

- be initially capitalized in the amount of \$200 million and that its affiliate reinsurance companies, Re One and Re Two, be initially capitalized in the amount of \$10 million each (as of September 30, 2013, Re Two was merged into NMIC, with NMIC surviving the merger. *See Note 3 - Business Combinations and Goodwill- B - Statutory Mergers*);
- maintain minimum capital of \$150 million;
- operate at a risk-to-capital ratio not to exceed 15:1 for its first three (3) years and then pursuant to the GSE eligibility requirements then in effect;
- not declare or pay dividends to affiliates or to NMI for its first three (3) years, then pursuant to the GSE eligibility requirements;
- not enter into capital support agreements or guarantees for the benefit of, or purchase or otherwise invest in the debt of, affiliates without the prior written approval of the GSEs for its first three (3) years, then pursuant to the GSE eligibility requirements;

Notes to Financial Statement

- not enter into reinsurance or other risk share arrangements without the GSEs' prior written approval for its first three (3) years, then pursuant to the GSE eligibility requirements; and
- at the direction of one or both of the GSEs, re-domicile from Wisconsin to another state.

The conditional approvals also include certain additional conditions, limitations and reporting requirements that NMIC anticipates will be included in the GSEs' final eligibility requirements, such as limits on costs allocated to NMIC under affiliate expense sharing arrangements, risk concentration, rates of return, requirements to obtain a financial strength rating, provision of ancillary services (i.e., non-insurance) to customers, transfers of underwriting to affiliates, notification requirements regarding change of ownership and new five percent (5%) shareholders, provisions regarding underwriting policies and claims processing as well as certain other obligations.

With GSE Approval, NMIC's customers who originate loans insured by the Company may sell such loans to the GSEs (as of April 1, 2013 for Freddie Mac and as of June 1, 2013 for Fannie Mae). During April 2013, the Company wrote its first mortgage guaranty insurance policy.

Litigation:

On August 8, 2012, Germaine Marks, as Receiver, and Truite Todd, as Special Deputy Receiver, of PMI Mortgage Insurance Co. ("PMI"), an Arizona insurance company in receivership, filed a complaint (the "PMI Complaint") against NMIH, NMIC and certain named individuals, in California Superior Court, Alameda County. The PMI Complaint, as amended, alleges breach of fiduciary duty, breach of loyalty, aiding and abetting breach of fiduciary duty and loyalty, misappropriation of trade secrets, conversion, breach of proprietary information agreement, breach of separation agreement, intentional interference with contractual relations and unfair competition. The lawsuit seeks injunctive relief as well as unspecified monetary damages. We have filed answers to PMI's complaint denying all allegations and believe the claims are without merit. See "Note 2, Summary of Accounting Principles, Subsequent Events."

On January 30, 2014, Arch announced the closing of its acquisition of CMG and certain assets of PMI. The terms of the February 7, 2013 Asset Purchase Agreement ("APA") between Arch and PMI provide that effective as of the closing of that transaction, PMI shall transfer and assign to Arch all causes of action being pursued by PMI in the PMI Complaint. The APA further provides that within thirty (30) days after the closing of the transaction, Arch shall have its attorney file appropriate pleadings and other documents and instruments with the court requesting that PMI be removed as a party plaintiff in the PMI Complaint and that Arch be substituted as the real party in interest. Although Arch has not yet filed any such request with the Court, the plaintiff is now described in pleadings as "Plaintiff and Real Party in Interest Arch U.S. MI Services, Inc."

The parties are now engaged in discovery and the court has set a trial date for September 29, 2014. Because the litigation and related discovery are ongoing, we do not have sufficient information to determine or predict the ultimate outcome or estimate the range of possible losses, if any. Accordingly, no provision for litigation losses has been included in the financial statements.
